

Dear Honorable Judge Shiesback,

My name is Vicki Kamps, I am Travis Kamps' mother. Just want to give you some back ground on our family and what Travis went through as a child. We lived in a shelter for homeless for about 6 months. We had a babysitter who, we found out from our oldest, would kick and hit Travis. While dealing with these issues our family learned the values of respect, trust, hard work and be helpful to others.

Travis has been a shy child until he met his closest friend, whom he stood up in wedding for, and came out of his shell. Travis would always be there for anyone of his friends or family when needed, would even drop what he was doing to be of assistance. He was often bullied/belittled because of his weight but learned

to make light of the situation and crack jokes at his own expense. When the first of his two nephews arrived in our family Travis was a very excited young man to see our family expanding. He cherishes every moment he gets to spend time with them. He has even introduced one to video games and played online with friends in PA whom they would chat with while playing. To hear the laughter from them will be missed. To see eyes light up because Travis is home will be greatly missed.

As a mom, this whole ordeal has made me wonder where I went wrong as a parent. Travis knows what he did is inappropriate and will never do it again. With him being away to serve his time for what he did, will always have me wondering if my child is OK and hope his medical condition

doesn't worsen while away.

I could keep going but just wanted
you to know a little more
about Travis.

Thank you for taking time to
read my letter and consider
the things when sentencing.

Dear Honorable Judge Griesbach:

My name is Kevin Kampas and I am the father of Travis Kampas.

I would just like to tell you a little about Travis. Travis is a good guy he is truly a kind and thoughtful person that would do or help anyone in need that he can. He has a good heart toward people and animals.

My Wife and I have a small business in which we install Commercial grade Frames doors and hardware. All 3 of our boys work with me including Travis. Travis is a smart and hardworker and a good employee to have. We do alot of work out of town which Travis was usually the person to go with me putting in 60 to 70 hrs a week when out of town and

getting 40 to 50 hrs in town if not more.

I understand that Travis did wrong with what he has done and I do believe he understands that now. I also believe that this would have never happened if there was no social media or any of the so called dating site or social site where people meet and can chat and send picture on cell phones to each other. I know Travis would never meet up with a minor here in Green Bay or anywhere else. Again I with all I got don't believe this would have happened if there was no social media.

I don't think that this situation is worth prison time being Travis or anyone else. I think this Law needs to be reevaluated on the seriousness of the crime. I myself believe that home arrest and probation

for a few years with no internet access would teach Travis and others not to do this and would be a suitable punishment

I know your job has got to be hard trying to figure out who is truly sorry for what they did and having to sentencing people young and old to crimes they have committed. I know Travis is truly sorry and feels bad for what he has done is really is a good kid. He just got caught up in social dating site which 20-30 years ago could have happened to a lot of people.

Again he truly is a lovable and kind guy that tries to make everyone he know laugh and be happy.

I would like to Thank You for your time in reading my letter and everyone else that sent them in

Thanks Again Kevin

Dear Honorable Judge Griesbach

My name is Brett Kamps. I am Travis' older brother. I work for my dad in a family business with Travis and my other brother.

Travis is a great person. He is always there to give a helping hand. He would give the shirt off his back to help someone in need. He is always there for me when im having a bad day after dialysis. He is a good person to talk to and pick his mind on a situation. There has been times when I couldn't afford to get my kids much for christmas or even there birthdays and he would hand me money to make it a joyfull day for my kids. He never once asked for any of it back.

Travis is a family person. We have always had our brotherly fights but if we needed each other five minutes later he will be there. He enjoys family days out at the zoo or where ever we may go. He enjoys spending time with his niece and nephews. He would do anything

for them three kids. My oldest likes to go to movies at the theatre with Travis. I hear about all the things he got to eat and how good the movie was. My daughter likes to get him to dance with her and be goof balls while they dance.

Travis is an all around great person. He always has been and always will be. He will put others before himself. He is smart with lots of things. He helps me with things I can't figure out. Just an all around great person.

The holidays and family gatherings with Travis are never dull. He is always making people laugh. He likes a good joke as does anybody. He likes to tell them even more.

I know how hard it must be to be the determining factor in somebody's future. I ask that you please go easy on my brother. He is one of my best friends. I can't imagine not seeing him every day. I know missing out on watching my kids grow

up is going to hurt him the most.
As I said before he would do anything
for them kids.

I thank you for your time
with my letter.

My name is Lukas Kamps

Some things about Travis, he is
a very caring person that would give you
the shirt off of his back if you needed
it. A guy that wouldn't hurt a fly if he
had to.

a little bit about myself I work with
Travis in the small family business that our
parents own. I'm on the local volunteer
fire department as a firefighter.

I do believe that Travis knows
what he did wrong and that he would
not do anything like this again. I can't
imagine how hard it must be to
have the deciding factor in a case

Such as this. With that being
said I do thank you for taking
the time to read this letter
and any of the others sent in
to you.

Just like to say Travis is
a great guy to be around. Sometimes
working with him for up to 50

and great with people. great all

Your Honor,

As his grandmother I'm very proud of him, I watched him grow from a young boy, a teenager, and into a fine young man.

He has been there for family and friends he is kind and sincere, I love him with all my heart and soul and becoming the person he is today.

Dear Honorable Judge Bressbach

My name is Mike Steins and I am Travis Kamps uncle. I am writing this letter to tell you a little about Travis Kamps and what he is really like. I have known Travis his whole life, he has always been kind of a joker or clown. Travis has always tried to make the people around him laugh either by telling jokes, saying a one liner, making fun of himself, or dressing up funny. The kid just likes to laugh and make other people laugh and have fun. Travis is a good sized young man but I never seen him get angry with anyone, he is too kind hearted. Last Christmas he showed up at my house with his entire beard covered in green glitter and dressed up all Christmasy just for the little kids. He looked like a big elf, but his little nieces & nephews loved it, he is always doing things like that. I hope this gives you a better idea of who Travis really is and what he is like. I know he has made a mistake and must make up for it and he knows it also. I know its not easy to make decisions on what is a fair punishment but I ask you to give Travis the benefit of doubt and go easy on him. He really is a good person and a hard worker. I ask that you

please give him the minimum sentence.
The world could use a lot more
people like Travis. He will be greatly
missed by many people who he's gone.
Thank you for your time

Sincerely,
Mike Stevo

Dear Honorable Judge Friesback,

My name is Jamie Stevo
I am Travis Kamps aunt
his dad is my brother.

I have known him his whole
life. He is a great guy. Always
joking and having fun. Every
time we all get together as a
family just hanging out or over
the holidays he would always
joke around with me pick on me
but in a fun goofy way which is
the way Travis is. He has a
big heart and loves his family
very much. He would do
anything for his family and
friends.

He is a hard worker in the
family business and even
now more due to his older
brother not being able
to work at times due to his
health issues.

Harvis will be greatly missed by his family & friends please give him the minimum sentence. His Nieces and nephews will miss him very much and for him not to see them growing up will break his heart.

Thank you very much for your time.

Sincerely,
Ramon Stevo

Dear Honorable Judge Griesbach,

My name is Craig Stievo and I am writing to you on behalf of Travis Kamps. Travis is my cousin, and being only three months apart in age, I've known him my whole life and grew up with him. I would like to take a little bit of time and describe Travis so you can get a better idea for who he is.

Travis has always been the kind of person to make people laugh, and not just once, over and over again. He can turn someone's whole day around with the jokes and humor he possesses. I honestly don't think there has ever been a dull moment with him around. You just never knew what to expect when seeing him or talking to him, but it was always good for a chuckle. Along with all the jokes and humor, you also get a very serious young man. He is serious when it comes to his family and friends and the love he has for them all. He would do anything for the people he cares about the most. For a lack of better words, Travis is a big guy with an even bigger heart. He goes above and beyond to make his young niece and nephews happy. He is a hard worker for his father in the family business, a big help to his sick older brother, a great son, grandson, uncle and in my eyes, one of the best cousins a guy could ask for.

It is obvious here, that Travis made a mistake, and I know he is very sorry for it and very sorry to the people around him affected by this circumstance. Everybody makes mistakes from time to time. It is human nature to make mistakes and I do understand that he must be held accountable for his actions, and I do understand that the decision for a sentencing is ultimately up to you, but being this is Travis' first offense, I ask you to please go easy on him. Try to give him the benefit of the doubt as I know he has learned his lesson and I speak for everyone when I say this, but we don't want to see him go away, though we know it is coming. Travis really is a great guy and he will be greatly missed around all of the holidays and other family gatherings. If you can, I ask that you please give him the minimum sentencing so we can get him back as soon as possible.

I hope this letter gives you a little insight as to how big of a role Travis plays in all of our lives. Lastly, I would like to thank you for your time in reading this letter and I hope that you can see how much his absence will affect us.

Thank you, Craig

Craig Stievo

Hi,

My name is Andrew Steven Kent, I've known my friend Travis for 15 years now. My relationship to Travis Kamp is I'm his best friend. I've known Travis since 3rd grade when I transferred from Navarino school district to Seymour school district. We shared a locker next to one another for 8 years thanks to our last names both starting with a K. In those years in grade school together I got to know Travis and am proud to call him my best friend.

In all these years of hanging out, talking, and laughing with Travis, I've come to learn that he is a very kind hearted person and that he really cares about his family. Now when I say he is kind hearted, I also mean he is a very nice well-mannered person. He will help you no matter what the problem is. He cares for his family and really loves them and does a lot for them, whether it's helping with business, helping with his niece and nephews or helping a close friend move. That is why I'm honored that his family considers me to be a part of their family.

I know your job is very difficult. I would like to thank you for the opportunity to write this letter and you reading it.

Andrew S. Kent
